

SWEET REWARD (final) *capo 2*

Jordyn Osburn

Intro G // III C // III Em // III C // III

Verse 1

You're the One I'd give anything just to be near

Push through crowds to touch Your coat

Climb up trees to see Your face

You're the One I've been longing for since I could speak

I'd dig through floors to catch Your gaze

Walk for miles to hear Your voice

Pre-chorus 1

And You, the One, the only One I want

You've turned, You've turned my way

With all Your affection, with steadfast attention

You've given Your Self to me

Chorus

So let the smile on my face be Your sweet reward today

And let the dust of your feet cover mine behind Your lead

And from the life in my veins, I am Yours all the way

In the overflow of the hidden place, hear me say

III G // III C // III G // III C // III
I love You

Verse 2

I would follow that star over valleys and seas
Just to get to Your feet, just to offer You me
I would break open bottles of precious perfume
I am desperate enough for a taste of Your love

Pre-chorus 2

And You, the One, the only One I want
You've come closer than I could dream
In the strength of a King, the tenderness of a Dad
You shed holy blood for me

Chorus

So let the smile on my face be Your sweet reward today
And let the dust of your feet cover mine behind Your lead
And from the life in my veins, I am Yours all the way
In the overflow of the hidden place, hear me say
I love You

Bridge 4x

Hear my heart, it beats it, Feel my breath, it breaths it
See my face, it screams it, Jesus, I love You

Chorus

Ending

I love You I love You as/... end on C
